Third Party NDM Sample Data (MOD0654)

Proposed File Format Changes

- The Xoserve change process has identified some minor file format differences between the published file format and those typically used by the UK Link system
- Xoserves preference is to standardise the structure of the file format before the implementation of MOD0654S

CURRENT RECORD/FIELD NAME	Proposed Change(s)
METER_POINT_REFERENCE_NUMBER	- No changes proposed
LDZ_INDICATOR	- Remove field altogether (can be sourced directly from UK Link)
