Exit Capacity Release Methodology Statement

Transmission Workgroup
3rd February 2022

Exit Capacity Release (ExCR) - methodology review

Target review completion date: 1st July 2022.

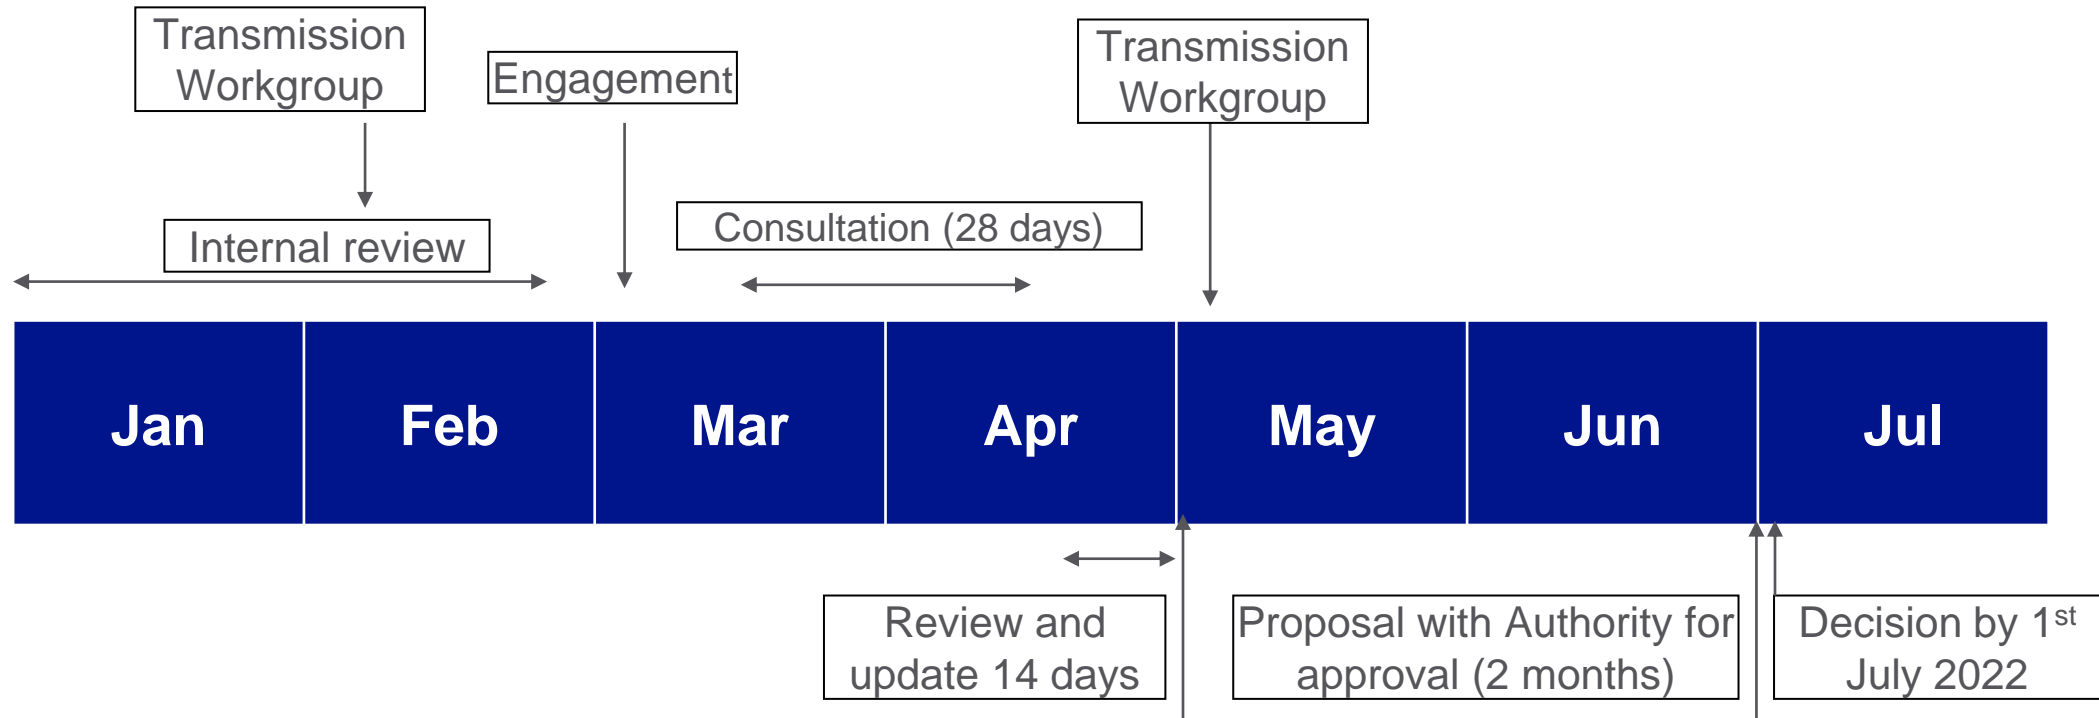

The scope of changes will cover:

- Estimated cost of Incremental Capacity at Exit IPs
- Price feeding into User Commitment Amount calculation
- User Commitment reduction for Incremental Capacity facilitated by substitution
- Removal of references to Enduring Capacity at IPs
- Changes related to Assignment process as an outcome of implementation of UNC Modification 0755S
- Bacton Exit /competing auctions (pending implementation of UNC 0785)

Any further changes to be considered should be submitted to Anna Stankiewicz (anna.stankiewicz@nationalgrid.com) by **Friday, 11th February 2022**. The current version of the ExCR methodology can be found on the National Grid website:
