

Pre-Meeting note for DESC Meeting on 7th July 2022

Key Agenda Items - Summary

2.0 2022/23 NDM Algorithms – Review DESC Representations

DESC APPROVAL REQUIRED - VOTE

- The main business of the meeting is to review the comments received on this year's draft Gas Demand Profiles for Gas Year 2022/23.
- We have received comments from 2 parties which have been included in the presentation material. We shall also be seeking DESC's views on its preferred options for the Domestic Prepayment profiles
- DESC members (or their alternates) will be asked to consider the responses to the comments raised before confirming whether it is happy to invite the wider industry to review this year's proposals (a 5 business day consultation period)
- Meeting material for this agenda item is available [here](#)

3.0 Review of DESC and Technical Workgroup Arrangements

DESC APPROVAL REQUIRED

- Following discussions at recent meetings, DESC will be asked to consider whether the existing arrangements for DESC's Technical Workgroup are working as effectively as they could be and consider some potential changes
- Meeting material for this agenda item is available [here](#)
