

APPLICATION FOR CONSENT TO MODIFY THE CODE

"Revision to UNC References in TPD Section M from 'National Grid' to
'the Transporter'"

Version 1.0

Reference: C023

Transporter Proposal

The Joint Office of Gas Transporters would like to request that the Authority grant permission to amend the legal text as contained within the Uniform Network Code.

As a result of ongoing work within National Grid, two errors in the UNC have been identified as a consequence of the implementation of Network Code Modification 0693 "Revision of the NDM 'More Frequent Reading' Provisions" in November 2005. The insertion of the legal text associated with this modification has accidentally reintroduced the term 'National Grid' rather than 'the Transporter' into TPD Section M3.7.2, and therefore the following changes to the UNC are proposed.

Please note: that Appendix 1 provides a detailed breakdown of the reasons behind the suggested amendments to the original legal text.

Nature of Modification

TPD Section M.

The following paragraphs should be amended as follows:

"3.7.2 Where more than one Meter Reading (other than the one required under paragraph 3.8 or paragraph 3.9) is received by ~~National Grid~~ the Transporter;

- (a) in the case of a Monthly Read Meter, in any 7 Day period;
- (b) in the case of a Larger Annual Read Meter, in any 14 Day period;
- (c) in the case of a Smaller Annual Read Meter, in any 63 Day period

~~National Grid~~ the Transporter will in each case reject any such Meter reading received in such period other than the first.
