Transporter Proposal

The Joint Office of Gas Transporters would like to request that the Authority grant permission to amend the legal text as contained within the Final Modification Report (v4.0) for UNC Modification 0240 "Promoting Competition in Operating Margins Provision".

As a result of ongoing work within the Joint Office of Gas Transporters, National Grid and the Authority, an incorrect cross reference has been identified within the legal text (TPD Section K, paragraph 3.8.4) provided within the Final Modification Report whereby, an incorrect cross reference to paragraph 3.7.4 exists.

As a consequence, the following changes to the legal text are proposed.

Nature of Modification

TPD Section K3.8.4.

The following paragraph should be amended as follows:

"3.8.4 For the purposes of paragraph 4, Winter Carry-Across Gas injected by National Grid NTS for Operating Margins Purposes shall be treated as if it were Carry-Across Gas pursuant to paragraph ~~3.7.4~~ 4.3.4, except that the reference in paragraph 4.2.4(a) to the last Day of the Storage Year shall be treated as a reference to the Day for which such Nomination was made."
