

APPLICATION FOR CONSENT TO MODIFY THE CODE

“Revision to the legal text relating to the Meter Asset Manager Registration Scheme
in UNC TPD Section V”

Version 1.0

Reference: C048

Transporter Proposal

The Joint Office of Gas Transporters would like to request that the Authority grant permission to amend the legal text as contained within UNC Section V5.11.4 to reflect the move of the Meter Asset Manager Code of Practice (MAMCoP) governance from Ofgem to the Supply Point Administration Agreement (SPAA). Ofgem wrote to industry parties in March 2012 with a statutory consultation on modifications to the gas supply licence and transporters' licence to effect a change of governance. In June 2012 Ofgem made its decision to complete this work and the SPAA have proposed the necessary changes to effect the change and from 28 August 2012 in line with the amended licences.

Nature of Modification

In order to ensure that the legal text contained in TPD Section V reflects this change in governance it is proposed that the legal text for UNC TPD Section V5.11.4 be changed as follows:

UNIFORM NETWORK CODE – TRANSPORTATION PRINCIPAL DOCUMENT

Section V – GENERAL

Amend paragraph 5.11.4 to read

“ For the purposes of paragraph 5.11.3, “**Accredited Meter Asset Manager**” is a Meter Asset Manager that is listed on the **Supply Point Administration Agreement** ~~Ofgem~~ MAM Registration Scheme listing of accredited Meter Asset Managers published by Lloyds Register.”

Transporter Application

This application contains the Transporters' proposal to modify the Uniform Network Code for which they now seek the consent of the Authority

Signed for and on behalf of Transporter.
