

APPLICATION FOR CONSENT TO MODIFY THE CODE

"Revision to the transitional legal text associated with the implementation of Project Nexus"

Version 1.0

Reference: C055

Transporter Proposal

National Grid Gas Distribution (NGGD) would like to request that the Authority grant permission to amend the legal text as contained within General Terms Section C.

The purpose of this is to:

- Reflect the output of determinations made within the Project Nexus Steering Group (PNSG) that the Project Nexus Implementation Date (PNID) will no longer be 1st October 2016 but will be 1st June 2017.

It should be noted that a consequence of this Consent is that UNC Modification 0518S 'Shipper Verification of meter and address details following system meter removals', which has a relationship with the PNID, would also need to be deferred. It is proposed that a revised Notice of Implementation is issued using 1 June 2017.

Nature of Modification

Changes to the UNC General Terms are required as follows.

GENERAL TERMS SECTION C – INTERPRETATION

In paragraph 1 (Defined Terms) amend the text as follows:

"Project Nexus Implementation Date" is ~~1 October 2016~~ 1 June 2017 or such other date as may be determined by the Authority;

Transporter Application

This application contains the Transporters' proposal to modify the Uniform Network Code for which they now seek the consent of the Authority

Signed for and on behalf of Transporter.

Signature:

Les Jenkins
Chief Executive Joint Office of Gas Transporters

Date:

Gas and Electricity Markets Authority Response:

In accordance with Standard Special Condition A11 'Network Code and the Uniform Network Code' of the Gas Transporters License, I hereby consent to the above modification to the Code.
