

APPLICATION FOR CONSENT TO MODIFY THE UNIFORM NETWORK CODE

"Revision to UNC Reference from 'Transco ' to 'National Grid NTS'"
Version 1.0

Reference: C012

Transporter Proposal

As part of the re-branding process it is necessary to ensure that changes to the Uniform Network Code (UNC), and supporting documents reflect the new company name. For the purposes of the UNC it is understood that the company name revisions can be achieved through a 'Consent to Modify', as it is not believed that such a revision is a material change to the intent of the UNC, and therefore does not require a change through the Modification process.

Please find attached National Grids 'Consent to Modify' request, which amends an incorrect reference as detailed below.

Nature of Modification

Consent to Modify C011 "Revision to all UNC References from 'Transco Plc' and associated companies to 'National Grid Gas Plc' Version 3.0 approved by Ofgem on 14 November 2005 and issued by the Joint Office of Gas Transporters contained an incorrect reference.

Reference to :-

Transition Document - Section B, paragraph 6.3.6
"Transco" to read " National Grid NTS".

To be replaced with;-

Principal Document - Section B, paragraph 6.3.6
"Transco" to read " National Grid NTS".

Transporter Application

This application contains the Transporters' proposal to modify the Uniform Network Code for which they now seek the consent of the Authority

Signed for and on behalf of Transporter.

Signature:

Tim Davis
Chief Executive Joint Office of Gas Transporters

Date:

Gas and Electricity Markets Authority Response:
