

**APPLICATION FOR CONSENT TO MODIFY THE CODE**  
"To allow the use of an Old Supplier Estimated Read as a Change of Supplier Meter Reading"  
Version 1.0

**Reference:** C014

**Transporter Proposal**

This Consent to Modify is proposed to ensure that implementation of Modification Proposal 0015(0742) "To allow the use of an Old Supplier Estimated Read as a Change of Supplier Meter Reading" is in line with its original intent.

**Nature of Modification**

Due to changes introduced during the preparation of the Uniform Network Code version 1.0, consent is now sought to amend UNC TPD - Section M, paragraph 1.4.3(j) as contained within the Notice of Implementation 0015(0742) (*effective 06:00hrs on 02 June 2005*) to read as 1.4.3(l), as shown in red below:

"1.4.3 For the purposes of the Code, in relation to a Supply Meter:

- (a) a **"Meter Reading"** is:
  - (i).....
  - (ii).....
- (b).....
- (j) **"Remote Meter Reading Equipment"** is equipment which enables Meter Readings to be obtained remotely at set intervals and which comprises a device for capturing from the Supply Meter, and/or (where installed) a convertor, data which constitutes or permits a derivation of a Meter Reading and suitable equipment as shall be required for transmitting such data.
- (k) See footnote <sup>1</sup>
- (l) **"Proposing User's Estimate"** is an estimated Meter Reading agreed between the Proposing User and the Withdrawing User to be used as an Opening Meter Reading provided in accordance with paragraph 3.8.2.

<sup>1</sup> Implementation of modification 0014(0741), effective 04 November 2005 will add new paragraph 1.4.3(k)"

This amendment is required due to the two following reasons:

1. that there already exists sub paragraph levels 1.4.3(a) through to 1.4.3(j) and additionally,
2. the impact of the Implementation of Modification Proposal 0014(0741) effective 06:00hrs on 04 November 2005 will introduce a new sub paragraph 1.4.3(k).

**Transporter Application**

This application contains the Transporters' proposal to modify the Uniform Network Code for which they now seek the consent of the Authority.

Signed for and on behalf of Transporter.
