UNC Modification Proposal 0641S - Amendments to Modification 0431 - Shipper/Transporter - Meter Point Portfolio Reconciliation rules and obligations

Dear Bob,

Thank you for your invitation seeking representations with respect to the above Modification Proposal which Cadent would like to support.

**Do you support or oppose implementation?**

Support

**Relevant Objective:**

f) Positive

**Reason for support/opposition:**

We are cognisant of the fact that increasing the notice period from 20 to 60 Business Days would aid Shipper User planning processes. As the increased notice period would not impact detrimentally on CDSP processes then we are supportive of the change.

**Self-Governance Statement:**

We agree with the Self-Governance Statement within the modification that this is a non-material change to the UNC and can be subject to Self-Governance.

## **Implementation**

We concur that this Modification Proposal can be implemented sixteen Business Days after a Modification Panel decision.

## **Impacts and Costs**

No impacts or costs have been identified.

## **Legal Text**

We are satisfied that the Legal Text provided by ourselves meets the intent of the solution.

## **Are there any errors or omissions in this Modification Report that you think should be taken into account?**

We have nothing further to add.

## **Please provide below any additional analysis or information to support your representation**

We have nothing further to add.

We trust that this information will assist in the compilation of the Final Modification Report. Please contact me on 07884 113385 ([andy.clasper@cadentgas.com](mailto:andy.clasper@cadentgas.com)) should you require any further information.

Yours sincerely,
