1 Summary

What

The Modification Panel is the body constituted under the Uniform Network Code to oversee the Modification process as set out in the Uniform Network Code General Terms and Modification Rules.

With the role of an independent Chair for the Modification Panel and UNCC there is an opportunity to leverage the knowledge and experience available, to facilitate continuous improvement and to ensure the efficient and effective operation of the Modification Panel and UNCC.

Why

The UNCC Modification Panel is the body constituted under the Uniform Network Code to oversee the Modification process as set out in the Uniform Network Code General Terms and Modification Rules.

The appointment of the Independent UNC Modification Panel Chair is set out in the Modification Rules including their current operating activities to manage meetings. The Independent UNC Modification Panel Chair nomination is approved by the Authority.

Both Transporters and Shippers provide a nomination to the interview panel.

Within the role of the Independent Chair for the Modification Panel and UNCC there is an opportunity to leverage the knowledge and experience available by the appointment of an independent Panel Chair, to facilitate continuous improvement and to ensure the efficient and effective operation of the Modification Panel and UNCC.

Except for a number of Authority driven Code Governance Reviews, there has been very little development of the UNC Modification Rules and associated processes to ensure the process is effective and efficient.

At times, Members have found the Modification Rules to be unclear or inflexible to meet changing environments where other industry codes may have not had similar issues.

Currently there is no standard reporting required by the Modification Rules on the operation of the Modification Panel and UNCC and therefore it is difficult for UNC parties to understand the effectiveness of the Panel,

It should be noted that the Code Administrators Code of Practice sets out the principles for an annual survey to compare Code Administrator performance, this does not include the performance of specific Industry Code Panels.

This Modification is seeking to implement a process to allow for the continuous improvement of the Modification process by the procurement of a report on the previous year's operation and identified issues.

How

The Proposal is to facilitate continuous improvement and the principle objective of this modification is to help to ensure the efficient and effective operation of the Modification Panel and UNCC.

This will be achieved by putting in place a requirement for an Annual Report to include recommendations for actions which would deliver against this objective.

The Annual Report would be produced by the Independent Chair of the UNCC Modification Panel.

It is expected that the Independent Chair of the UNCC Modification Panel would canvas the opinion of the Modification Panel & UNCC on matters arising before undertaking the annual exercise.

The UNCC Modification Panel Independent Chair would be free to explore any other matters pertaining to the objective, including consideration of best practices in related and non-related industries.

The Joint Office is to provide all necessary support to the Independent Chair.

The Annual Report is to be provided annually.

The Annual Report should include recommendations for actions which would deliver improvements in line with the stated objective.

The Annual Report is to be provided to the Modification Panel and UNCC for consideration and to be published on the Joint Office Website.

2 Governance

This Modification should follow Self-Governance procedures as it is unlikely to have a material effect on the Uniform Network Code governance procedures or the Modification procedures; as it proposes the provision of a report which in itself does not change any operating conditions for UNC parties.

Requested Next Steps

This Modification should:

- be treated as Self Governance.
- Issued to Workgroup for assessment.

3 Why Change?

The UNCC Modification Panel is the body constituted under the Uniform Network Code to oversee the Modification process as set out in the Uniform Network Code General Terms and Modification Rules.

The appointment of the Independent UNC Modification Panel Chair is set out in the Modification Rules including their current operating activities to manage meetings. The Independent UNC Modification Panel Chair nomination is approved by the Authority.

Both Transporters and Shippers provide a nomination to the interview panel.

Within the role of the Independent Chair for the Modification Panel and UNCC there is an opportunity to leverage the knowledge and experience available by the appointment of an independent Panel Chair, to facilitate continuous improvement and to ensure the efficient and effective operation of the Modification Panel and UNCC.

Except for a number of Authority driven Code Governance Reviews, there has been very little development of the UNC Modification Rules and associated processes to ensure the process is effective and efficient.

At times, Members have found the Modification Rules to be unclear or inflexible to meet changing environments where other industry codes may have not had similar issues.

Currently there is no standard reporting required by the Modification Rules on the operation of the Modification Panel and UNCC and therefore it is difficult for UNC parties to understand the effectiveness of the Panel.

It should be noted that the Code Administrators Code of Practice sets out the principles for an annual survey to compare Code Administrator performance, this does not include the performance of specific Industry Code Panels.

This Modification is seeking to implement a process to allow for the continuous improvement of the Modification process by the procurement of a report on the previous year's operation and identified issues.

4 Code Specific Matters

Reference Documents

[UNC Modification Rules](#)

Knowledge/Skills

None required.

5 Solution

The Proposal is to facilitate a continuous improvement process and the **principle objective** of this Modification is to ***“help ensure the efficient and effective operation of the UNCC Modification Panel and UNCC”***.

This will be achieved by putting in place a requirement for an Annual Report on such matters and which, where relevant, will include recommendations for actions which would deliver against this objective.

Business Rules

BR1. The Annual Report would be produced by the Independent Chair of the UNCC Modification Panel.

For the avoidance of doubt, we would expect the first Annual Report to be produced as soon as reasonably practicable following the implementation of the modification.

BR2. The Independent Chair to canvas the opinion of the UNC Modification Panel & UNCC on relevant matters arising before undertaking the annual exercise.

BR3. The Independent Chair would be free to explore any other matters pertaining to the objective, including consideration of best practices in related and non-related industries.

BR4. The Joint Office to provide all necessary secretariat support to the Independent Chair.

BR5. The Annual Report to be provided annually.

BR6. The Annual Report should include recommendations for actions which would deliver improvements in line with the principle objective of this Modification.

BR7. The Annual Report is to be provided to the Modification Panel and UNCC for consideration and to be published on the Joint Office Website.

6 Impacts & Other Considerations

Does this modification impact a Significant Code Review (SCR) or other significant industry change projects, if so, how?

No associated impact on an SCR identified.

Consumer Impacts

No direct impacts identified. However, improvements in the operation of the Modification Panel and UNCC should have indirect benefits to consumers, particularly if this leads to the timescales to implement improvements.

Cross Code Impacts

It is anticipated that there may be consequential benefits to other industry Code Panels arising from the implementation of any recommendations due to benefits arising from the adoption of best practice.

EU Code Impacts

No EU Code impacts identified.

Impacts and other considerations continued

Central Systems Impacts

None anticipated.

7 Relevant Objectives

Impact of the modification on the Relevant Objectives:

Relevant Objective	Identified impact
a) Efficient and economic operation of the pipe-line system.	None
b) Coordinated, efficient and economic operation of (i) the combined pipe-line system, and/ or (ii) the pipe-line system of one or more other relevant gas transporters.	None
c) Efficient discharge of the licensee's obligations.	None
d) Securing of effective competition: (i) between relevant shippers; (ii) between relevant suppliers; and/or (iii) between DN operators (who have entered into transportation arrangements with other relevant gas transporters) and relevant shippers.	None
e) Provision of reasonable economic incentives for relevant suppliers to secure that the domestic customer supply security standards... are satisfied as respects the availability of gas to their domestic customers.	None
f) Promotion of efficiency in the implementation and administration of the Code.	Positive
g) Compliance with the Regulation and any relevant legally binding decisions of the European Commission and/or the Agency for the Co-operation of Energy Regulators.	None

Relevant Objective f)

The proposals in this Modification should create an environment of continuous improvement and adoption of industry best practice by Panel and UNCC which should lead to a furthering in the efficiency in the implementation and administration of the Code.

8 Implementation

As self-governance procedures are proposed, implementation could be sixteen business days after a Modification Panel decision to implement, subject to no Appeal being raised.

9 Legal Text

Legal text is to be provided by Transporters.

10 Recommendations

Proposer's Recommendation to Panel

The Authority is asked to:

- Agree that this Modification should be treated as Self Governance; and
- Issued to Workgroup for assessment.
