Support or oppose implementation?	Support
Relevant Objective:	f) Positive

Reason for support: Please summarise (in one paragraph) the key reason(s)

We support this modification as it will positively impact the relevant objective F and will promote efficiency in the implementation and administration of the Code by making sure that Faster Switching changes made to UNC are easy to identify. This will mean assist in the development of REC.

Self-Governance Statement: *Please provide your views on the self-governance statement.*

We agree that this modification should be subject to self-governance.

Implementation: *What lead-time do you wish to see prior to implementation and why?*

We support the implementation 16 business days after Panel approval.

Impacts and Costs: *What analysis, development and ongoing costs would you face?*

None identified

Legal Text: *Are you satisfied that the legal text will deliver the intent of the Solution?*

No comment

Are there any errors or omissions in this Modification Report that you think should be taken into account? *Include details of any impacts/costs to your organisation that are directly related to this.*

There is an equivalent modification in IGT UNC 137, implementation dates for the modification and IGT137 should align.

Please provide below any additional analysis or information to support your representation
