

1Representation - Draft Modification Report UNC 0784S

Transition to the Central Switching Service and the Retail Energy Code v3.0

Responses invited by: **5pm on 11 February 2022**

To: enquiries@gasgovernance.co.uk

Please note submission of your representation confirms your consent for publication/circulation.

Representative:	Tom Stuart
Organisation:	Wales & West Utilities
Date of Representation:	21 st January 2022
Support or oppose implementation?	Support
Relevant Objective:	d) Positive f) Positive
Relevant Charging Methodology Objective:	Not Applicable

Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)

WWU supports this modification. The faster switching project is based on the premise that it will increase competition and therefore furthers relevant objective d. The transitional changes introduced by this modification will ease the transition to the new arrangements and therefore further relevant objective f.

Self-Governance Statement: Please provide your views on the self-governance statement.

Agree with the self-governance statement.

Implementation: What lead-time do you wish to see prior to implementation and why?

Currently the implementation date of the CSS is unknown, though support that the proposed implementation day is to be a Monday to reduce non-effective days.

Impacts and Costs: What analysis, development and ongoing costs would you face?

Zero impact and costs anticipated to DNs.

Legal Text: *Are you satisfied that the legal text will deliver the intent of the Solution?*

Yes

Are there any errors or omissions in this Modification Report that you think should be taken into account? *Include details of any impacts/costs to your organisation that are directly related to this.*

None identified

Please provide below any additional analysis or information to support your representation
