

UNC 0XXX:

Mod Title: Amendment of Transportation Principal Document Section V 14.1.1 and Annex-V5 to reflect updated Theft of Gas Process

Proposer: Gazprom

Panel Date: 16th June 2022

Why change?

- This Modification is seeking to remove Clause 14.1.1 and Annex V-5 'Shipper TOG Report' currently within TPD Section V of the Uniform Network Code (UNC), in alignment with the implementation of UNC Modification 0734S - Reporting Valid Confirmed Theft of Gas into Central Systems and Reporting Suspected Theft to Suppliers.
- To clarify, Modification 0734S was raised to introduce a new process to help ensure that valid confirmed theft data, received from Suppliers via the Retail Energy Code (REC), is appropriately reported into central systems for the purposes of Settlement.
- Modification 0734S includes a new PARR report which will be replacing the 'Shipper TOG Report' so this is no longer required in Code.

Options

- There is only one option: to make the minor amendment to UNC TPD Section V, removing clause 14.1.1 and Annex-V5.

Solution

- Removal of clause TPD V 14.1.1 to ensure reference to the ‘Shipper TOG Report’ is removed.

14 THEFT OF GAS

14.1 Reporting

14.1.1 The DNOs shall publish a report (at the end of each reporting month) on theft of gas detection performance for Shippers containing the information referred to in Annex V-5 in respect of each Shipper (on an attributable basis) (“**Shipper TOG Report**”).

14.1.2 The DNOs shall publish a report (at the end of each reporting month) on theft of gas detection performance for DNOs containing the information in Annex V-6 in respect of each DNO (on an attributable basis) (“**DNO TOG Report**”).

14.1.3 For the purposes of this paragraph 14, “**reporting month**” shall mean each calendar month for which a report pursuant to paragraph 14.1.1 and 14.1.2 shall be published.

- Annex V-5 ‘Shipper TOG Report’ will also be removed.
- This will ensure that the redundant report is removed from Code, as the PARR report replacing this element will be included under Modification 0734S implementation.

Recommended Steps

- the Proposer recommends for this Modification:
 - Fast Track Self-Governance procedures should apply as per part (b) of the Fast-Track Criteria below:

"fast track self-governance criteria" means that a proposal, if implemented,

- (a) would meet the self-governance criteria; and
- (b) is properly a housekeeping modification required as a result of some error or factual change, including but not limited to:
 - (i) updating names or addresses listed in the uniform network code;
 - (ii) correcting minor typographical errors;
 - (iii) correcting formatting and consistency errors, such as paragraph numbering; or
 - (iv) updating out of date references to other documents or paragraphs.

- The proposal should be implemented.
