Dear Colleague,

**Modification Proposal 0465: Amendment to the NTS entry capacity auction period**

Ofgem has considered the request from British Gas Trading for modification proposal 465, '*Amendment to the NTS entry capacity auction period*', to follow urgent procedures.

Ofgem does not consider that this proposal should be progressed on an urgent timetable. In particular, Ofgem believes that there is sufficient time prior to the next round of capacity auctions and the publication of auction quantities for this modification to proceed through standard modification processes.

If you have any queries in relation to the issues raised in this letter, please feel free to contact me on the above number.

Yours sincerely,

Mark Feather
