Dear Colleague,

**Modification Proposal 0453: 'Revision to NTS Entry Capacity Auction timetable 2001'**

Ofgem have considered the request from BG Group for modification proposal 0453 'Revision to NTS Entry Capacity Auction timetable 2001' to follow urgent procedures. This modification proposal provides for a delay in the commencement of the monthly system entry capacity and monthly interruptible system entry capacity auctions. We agree that this modification merits urgent status.

The next round of the entry capacity auctions are scheduled to commence on the 30 January 2000. Ofgem has therefore decided that urgent procedures are necessary for Modification Proposal 0453 due to the short period of time left until the commencement of these auctions.
