0565 - Central Data Service Provider: General framework and obligations

0565A – Central Data Service Provider: General framework and obligations

Date referred from Panel: 20 October 2016

Background – Why Change?

Please refer to www.gasgovernance.co.uk/0565

Solution

0565 - This modification is seeking to identify the framework, the principal obligations and terms under which the Central Data Service Provider (CDSP) will operate under the UNC.

0565A - This modification proposes an alternate representation structure for the Data Services Contract committees, which is suggested to provide a more balanced representation than in the original 0565.

Topics for Discussion

- Understanding the objective
- Understanding any impacts on the Switching SCR or impacts on this modification due to the implementation of conclusions from the SCR
- Assessment of alternative means to achieve the objective
- Assessment of the Solution (including business rules if appropriate)
- Assessment of potential impacts of the modification
- Assessment of the implementation costs
- Assessment of the legal text
- Impacts of proposed Licence changes
- Impacts on UNC governance including the UNCC and its sub-committees
- Status and governance of Code Referenced documents related to the CDSP
- Impacts on UNC parties
- Scope of UNC obligations and processes
- Coordination with the FGO programme
- Accession to and compliance with Data Services Contract (DSC)

For the avoidance of doubt, development of the DSC is to be discussed in a workgroup managed by Xoserve.
