I refer to modification 0317 "Smaller Supply Point ("Domestic") AQ Review for Gas Year 1999/2000" and modification 0318 "Domestic AQ Review."

As shippers are proposing not to undertake a full domestic AQ review this year the above modifications have been submitted proposing remedies to improve the accuracy of AQs for specific categories of sites. Therefore, Ofgas has accepted the above modifications as urgent and suggest the following timetable.

- Modification proposals out for representations : 10 March 1999.
- Close out for representations : 23 March 1999.
- Final modification report to Ofgas : Tuesday 30 March 1999.

Please do not hesitate to contact me should you require further assistance.
