Dear Julian,

Re Modification 324 – Revision of rules for booking an Interruptible Firm Allowance

Ofgem has today decided to reject this modification. This fax sets out our reason for doing so.

We are due to meet with Dominic Harrison and Frank Roper of Transco to discuss the legal text for the associated modification 360 – Revised proposal to amend the booking rules for an Interruptible Firm Allowance. Subject to a satisfactory outcome to this meeting, Ofgem is minded to accept modification 360.

As such, Ofgem is of the opinion that modification 324 now serves no useful purpose.

Should you have any queries, please do not hesitate to contact me.

Yours sincerely
