Do you support or oppose implementation?

Support *delete as appropriate*

Please summarise (in one paragraph) the key reason(s) for your support/opposition.

This modification seeks to amend the UNC to reflect what already takes place, as Xoserve currently accept reading up to D+10.

Are there any new or additional issues that you believe should be recorded in the Modification Report?

No

Self Governance Statement:

Do you agree with the Modification Panel's decision that this should be a self-governance modification?

Yes

Relevant Objectives:

How would implementation of this modification impact the relevant objectives?

This modification meets relevant objective (f) as it will amend code to reflect what currently takes place.

Impacts and Costs:

What analysis, development and ongoing costs would you face if this modification were implemented?

None

Implementation:

What lead-time would you wish to see prior to this modification being implemented, and why?

As soon as possible as it will not impact any system/process changes for shippers or Xoserve.

Legal Text:

Are you satisfied that the legal text [and the proposed ACS (see www.gasgovernance.co.uk/proposedACS)] will deliver the intent of the modification?

Yes

Is there anything further you wish to be taken into account?

Please provide any additional comments, supporting analysis, or other information that that you believe should be taken into account or you wish to emphasise.

No
