

# Seasonal Normal Review 2010

## Transporter Update

### Action DE1063:

- xoserve to hold a session with Transporters to update them on the DESC response received at the meeting. DESC to be provided with an update from the Transporters on 5 June 2009

### Meeting held to discuss SN basis and use of EP2 data

- Transporters expressed they are prepared to use EP2 data for 2010 SN basis
- Dependant on the approval of MOD254 (Facilitating the use of forecast data in the UNC)

### Next Steps

- Start SN analysis from 1<sup>st</sup> October 2009 (all CWV data available)
- Update on SN Review at November DESC meeting
- Provision of SNCWV values to the industry by end of 2009
- Any additional details regarding new SN implementation will be discussed with DESC
