Change overview:

Please insert an X in the appropriate box and include full change description below;

Change to existing service New service |

This change is for a new service to accept the receipt of the iGT Customer data to Xoserve systems.

The service will conclude on the day before the implementation of Modification 044 Project Nexus iGT Single Service Provision or 30th September 2016 whichever is the sooner.

Additional information:

The data once received will be compiled with GT data and submitted to the DCC to facilitate the Smart metering services. The activity described here does not form part of the User Pays service, it is only provided for completeness of the overall arrangements.
