Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)

SGN supports the implementation of this modification as it is necessary to add Creditsafe to the Credit table in TPD V3 due to the removal of Graydons. We would like to see this modification implemented at the earliest possible opportunity so that parties can use Creditsafe as an alternative to Graydons. We agree with the proposer that this modification furthers Relevant Objective f) Promotion of efficiency in the implementation and administration of the Code.

Self-Governance Statement: Please provide your views on the self-governance statement.

We agree with the self-governance statement as this is a non-material change.

Implementation: What lead-time do you wish to see prior to implementation and why?

If this modification remains as self-governance as proposed, then the implementation could be sixteen business days after a Modification Panel decision to implement, subject to no appeal being raised.

Impacts and Costs: What analysis, development and ongoing costs would you face?

No costs or impacts to SGN are envisaged.
