Support or oppose implementation?	Support
Relevant Objective:	f) Positive

Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)

We support this modification as it is necessary to incorporate the process for MDD management into the UNC and DSC governance, as it is removed from SPAA and as per the intent of the Ofgem Switching Programme and introduction of the REC.

Implementation: What lead-time do you wish to see prior to implementation and why?

We support implementation as part of the February 2020 UK Link release for best alignment with SPAA 467 implementation date.

Impacts and Costs: What analysis, development and ongoing costs would you face?

Some system / process change may be required, dependent on whether there is much change to the MDD process as it is performed today.

Legal Text: Are you satisfied that the legal text will deliver the intent of the Solution?

Yes
