**Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)**

We support the inclusion of this within the reporting to enable the PAC to evolve the work they are conducting and to hopefully have a positive impact on UIG.

**Self-Governance Statement:** *Please provide your views on the self-governance statement.*

As this change is just establishing reporting we support this is being a Self-Governance change.

**Implementation:** *What lead-time do you wish to see prior to implementation and why?*

As this is a change to establish reporting we support it being implemented ASAP.

**Impacts and Costs:** *What analysis, development and ongoing costs would you face?*

Low to no costs – may see an increase in CDSP charges to cover reporting costs.

**Legal Text:** *Are you satisfied that the legal text will deliver the intent of the Solution?*

**Are there any errors or omissions in this Modification Report that you think should be taken into account?** *Include details of any impacts/costs to your organisation that are directly related to this.*
