6. **Do you support or oppose Implementation:**  
We **Support** implementation of our Modification
7. **Please summarise (in 1 paragraph) the key reason(s) for your position:**  
We raised the modification to address the fact that many sites are not being reconciled owing to difficulties in obtaining actual meter readings as a result of the COVID-19 pandemic. A process is therefore needed to allow shippers to submit reasonable estimates, as actuals, to allow reconciliations to occur and so improve cost allocation. The solution provided allows that to be done quickly and effectively by utilising existing processes
8. **Are there any new or additional Issues for the Modification Report:**  
No
9. **Self-Governance Statement Do you agree with the status?**  
NA

#### 10. Relevant Objectives:

*How would implementation of this modification impact the relevant objectives?*
