**Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)**

We support this modification as we agree that members should have protection from parties that are affected by PAC decisions or actions. This will increase the effectiveness of the PAC, and allow for better results overall.

**Self-Governance Statement: Please provide your views on the self-governance statement.**

We agree that this modification should be self-governance because it does not have a material impact on the UNC or parties to it.

**Implementation: What lead-time do you wish to see prior to implementation and why?**

We believe this should be implemented immediately after a decision is reached by the Modification Panel.

**Impacts and Costs: What analysis, development and ongoing costs would you face?**

We do not foresee any additional costs associated with this modification.

**Legal Text: Are you satisfied that the legal text will deliver the intent of the Solution?**

We believe the legal drafting meets the intent of the modification, and is satisfactory.

**Are there any errors or omissions in this Modification Report that you think should be taken into account? Include details of any impacts/costs to your organisation that are directly related to this.**

**Please provide below any additional analysis or information to support your representation**
