Support or oppose implementation?	Support
Relevant Objective:	f) Positive

Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)

SGN supports Modification 0617 as it will provide the CDSP with more time to deliver a revised UK Link Manual under the DSC.

Self-Governance Statement: *Please provide your views on the self-governance statement.*

As this Modification only seeks to amend the delivery date of a revised UK Link Manual, we consider it suitable for self-governance.

Implementation: *What lead-time do you wish to see prior to implementation and why?*

We agree that no further workgroup assessment is required and support the proposer's request to permit implementation prior to PNID via a shortened consultation timeframe.

Impacts and Costs: *What analysis, development and ongoing costs would you face?*

There are no adverse impacts or costs for SGN.

Legal Text: *Are you satisfied that the legal text will deliver the intent of the Solution?*

Yes.

Are there any errors or omissions in this Modification Report that you think should be taken into account? *Include details of any impacts/costs to your organisation that are directly related to this.*

No.

Please provide below any additional analysis or information to support your representation
