#### Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)

We agree with the proposer that very large sites which are above the Class 1 threshold but remain as either Class 3 or Class 4 can contribute to daily UIG volatility. This modification, if implemented, will reduce the period over which these sites have the potential to contribute to this UIG volatility.

#### Self-Governance Statement: *Please provide your views on the self-governance statement.*

#### Implementation: *What lead-time do you wish to see prior to implementation and why?*
