- 1.1.3 Nothing in this Section X shall modify the provisions referred to in paragraph 1.1.1.
- 1.1.4 This Section X is independent of and shall apply separately from the provisions of Section V3 (which relates to indebtedness of Users other than in respect of Energy Balancing Charges).

##### 1.2 Energy Balancing Credit Committee

- 1.2.1 Subject to paragraph 1.2.2 the "**Energy Balancing Credit Committee**" is the Uniform Network Code Committee or any relevant sub-committee.
- 1.2.2 Where this Section X provides for any decision by the Energy Balancing Credit Committee (including any approval or authorisation of anything proposed to be done by National Gas Transmission) such decision shall be taken by the affirmative vote of a simple majority of the members of the committee who are appointed to represent Users (and subject to such other procedures as the committee may establish); and the representatives of National Gas Transmission who are members of the Uniform Network Code Committee or any relevant sub-committee will not vote on any matter brought before the Energy Balancing Credit Committee pursuant to this Section X.
- 1.2.3 National Gas Transmission may consult with the Energy Balancing Credit Committee in relation to any aspect of its functions under this Section X, and may at any time convene a meeting of such committee on any reasonable period of notice.
- 1.2.4 Where National Gas Transmission has any reasonable grounds for wishing to consult with the Energy Balancing Credit Committee in relation to any step required to be taken under this Section X, National Gas Transmission may (where it has convened a meeting of such committee for the purposes for the earliest reasonable date) defer taking such step until it has consulted with such committee.
- 1.2.5 Where National Gas Transmission brings to the Energy Balancing Credit Committee any matter relating to a particular User, National Gas Transmission will not disclose the

identity of the User to the committee unless:

- (a) the User in question agrees to such disclosure; or
- (b) it is not practicable for the matter in question to be considered by the committee without the identity of the User being disclosed or becoming apparent; or
- (c) National Gas Transmission has given Termination Notice to the User (but this paragraph (c) shall not of itself require National Gas Transmission to inform the committee of the fact that it has given such notice to any User).

1.2.6 With the approval of the Energy Balancing Credit Committee, National Gas Transmission is authorised, in implementing the provisions of this Section X as respects Users or any particular User, to delay the implementation of any such provision or to implement any such provision on a modified basis which is (as respects the interests of Users or the User in question) less onerous than the provision in the absence of such modification.

1.2.7 No member of the Energy Balancing Credit Committee shall be liable (whether in contract or tort including negligence or otherwise) to National Gas Transmission or any of the Users for anything done when acting properly in or in connection with their office under the Code, or anything done in what such member in good faith believes to be the proper exercise and discharge of the powers, duties, functions and discretions of that office in accordance with the Code; and each User and National Gas Transmission waives any such liability that any such member may have and any claim in respect thereof.

1.2.8 Nothing contained in paragraph 1.2.7 shall exercise or limit the liability of a member of the Energy Balancing Credit Committee:

- (a) for death or personal injury resulting from the negligence of such member; or
- (b) in any case where such member has in the exercise and discharge of its powers, duties, functions and discretions acted in bad faith or fraudulently.

1.2.9 Where a member of the Energy Balancing Credit Committee is also a member of the Credit Committee (as defined in the DSC) (“**relevant member**”) the relevant member shall not, and shall not be required to, disclose to the Energy Balancing Credit Committee information known to the relevant member by reason only of the relevant member’s membership of the Credit Committee.

### 1.3 Liability of National Gas Transmission

1.3.1 Users acknowledge that the calculation of Energy Balancing Charges and other matters to be calculated under this Section X involves the possibility of error; and agree (subject to paragraph 2.7) to make the payments required under this Section X, and that National Gas Transmission is to take the steps contemplated by this Section X, notwithstanding any such error (on the basis that any necessary repayments or additional payments will be made following resolution of any such error).

1.3.2 Notwithstanding paragraph 1.3.1 and the provisions of this Section X, where National Gas Transmission has reasonable grounds for believing that any calculation required to be made by it for the performance of its functions under this Section X has been or may

have been made erroneously, National Gas Transmission may (but shall not be required to) defer the taking of any step that would otherwise be required under this Section X until National Gas Transmission has had a reasonable opportunity of verifying such calculation.

- 1.3.3 Without prejudice to paragraph 1.3.4, nothing in this Section X shall require National Gas Transmission to take any step which National Gas Transmission believes on reasonable grounds may result in its becoming liable to any person in damages or otherwise, whether or not the amount of any such liability would be recoverable under paragraph 1.3.7, but the possibility of a claim being made against National Gas Transmission shall not of itself suffice for the purposes of this paragraph unless National Gas Transmission believes on reasonable grounds that such claim would be well founded.
- 1.3.4 Each User authorises National Gas Transmission to take any step contemplated by this Section X, and (without prejudice to Section V8, but subject to paragraph 1.3.8) agrees that National Gas Transmission shall have no liability (in contract or tort including negligence or otherwise) to such User for taking any such step, and waives any such liability that National Gas Transmission may have and any claim in respect thereof.
- 1.3.5 Nothing in this Section X shall require National Gas Transmission to take any step which conflicts with any Legal Requirement or any order of any court of competent jurisdiction.
- 1.3.6 National Gas Transmission will act in good faith in implementing the provisions of this Section X but (subject to paragraph 1.3.8) will not be liable (in contract or tort including negligence or otherwise) to any User for any failure or delay of National Gas Transmission in doing so or in taking any particular step contemplated by this Section X, and each User waives any such liability that National Gas Transmission may have and any claim in respect thereof.
- 1.3.7 Subject to paragraph 1.3.8, where any person makes any claim (in negligence or otherwise) against National Gas Transmission in consequence of National Gas Transmission's taking any step contemplated by this Section X:
  - (a) National Gas Transmission will defend such claim and will (subject to any duties of confidence) consult with and keep informed the Energy Balancing Credit Committee in relation to such claim and the defence thereof;
  - (b) the fees, costs and expenses incurred by National Gas Transmission (other than its own internal costs and expenses) in defending such claim, and any amounts which National Gas Transmission may be found liable (or with the approval of the Energy Balancing Credit Committee may agree by way of settlement) to pay by way of damages or costs or otherwise in respect of such claim, shall be additional Monthly Neutrality Adjustment Costs in the months in which National Gas Transmission makes payment thereof.
- 1.3.8 Nothing in the Code shall exclude or limit National Gas Transmission's liability, or entitle National Gas Transmission to recover from Users any amount in respect of any liability of National Gas Transmission:
  - (a) in respect of any death or personal injury resulting from National Gas Transmission's negligence;

- (b) in respect of a reckless or wilful breach by National Gas Transmission of this Section X; or

provided that nothing in this Section X shall require National Gas Transmission to undertake a review under paragraph 2.2.6(a)(ii) or 2.2.6(a)(iii).

- (b) Where any published credit rating of a provider of security is revised downwards to the extent that the said credit rating following such revision is less than the minimum prescribed credit rating as set out in the Energy Balancing Credit Rules, a User's Secured Credit Limit may be immediately reviewed and revised by National Gas Transmission in accordance with the Energy Balancing Credit Rules, on notice to the User.
