Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)

We support the addition of two new causes for users to process an AQ amendment under. This will allow for more accurate reasoning behind the amendment request and ensure that accuracy of Aqs within industry are improved. We further support the rules laid out to ensure it is clear that the AQ amendments are being completed for the purposes of Erroneous AQ based on read history and Change in operation and/or use not erroneously being included in other reasons currently available.

Self-Governance Statement: Please provide your views on the self-governance statement.

Agree

Implementation: What lead-time do you wish to see prior to implementation and why?

Agree with the 16 business day implementation

Impacts and Costs: What analysis, development and ongoing costs would you face?
