**Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)**

We support the implementation of this modification as it will remove the current process inconsistencies which came with the implementation of modification 0634 (Urgent). We support knowing a D-7 estimate is the default rather than a CDSP value.

**Self-Governance Statement: Please provide your views on the self-governance statement.**

We support the modification progressing as self-governance.

**Implementation: What lead-time do you wish to see prior to implementation and why?**

As soon as possible – we have no suggested date.

**Impacts and Costs: What analysis, development and ongoing costs would you face?**

We have not identified any costs which would be associated to this change.

**Legal Text: Are you satisfied that the legal text will deliver the intent of the Solution?**
