Relevant Objective:	a) Positive d) Positive

Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)

Shell Energy Europe Limited (SEEL) supports this proposal to reflect the need expressed by NTS directly connected customers for more frequent NTS Exit Capacity allocations to enable greater flexibility to react to market conditions.

Moreover, the ability to request the Capacity later in the Gas Day will enable Users to better match their Capacity bookings with their flows at the time when there can be a significant degree of activity.

Self-Governance Statement: Please provide your views on the self-governance statement.
