Support or oppose implementation?	Support
Relevant Objective:	d) Positive

Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)

Implementation of this modification will create the necessary arrangements within the DSC for Shippers/Suppliers to support Xoserve in their bid for CSS activities. Funding will be provided by Shippers/Suppliers and therefore it is wholly appropriate for supporting governance, by way of a dedicated DSC group, to be in place for this.

Implementation: *What lead-time do you wish to see prior to implementation and why?*

As soon as possible

Impacts and Costs: *What analysis, development and ongoing costs would you face?*

We will not face any analysis, development or implementation costs

Legal Text: *Are you satisfied that the legal text will deliver the intent of the Solution?*

We are satisfied with the legal text.

Are there any errors or omissions in this Modification that you think should be taken into account? *Include details of any impacts/costs to your organisation that are directly related to this.*

None identified

Please provide below any additional analysis or information to support your representation
