Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)

Generally, we support this modification, as increasing the notice period from 20 to 60 business days will ensure that all parties have sufficient notice to ensure that the portfolio reconciliation exercise is successful.

However, we would like to request that the date when this activity takes place is reviewed and moved, as this is likely to be around the same time as the weekend for Regulatory Releases, which happens on the same date every year.
