

UNC Workgroup Individual Terms of Reference

0710 - CDSP provision of Class 1 read service

Introduction

This is an Individual Terms of Reference that includes matters referred from Panel or identified within any initial representations. It replaces the standard Terms of Reference.

Purpose of the Modification and its Solution

Please refer to www.gasgovernance.co.uk/0710

It is proposed that this Modification proposes that the Central Data Service Provider (CDSP) provides the Class 1 Supply Meter Point read service. It will remove the Transporter obligation to provide a Daily Read service to Shippers for non-telemetered Class 1 Supply Meter Points. This does not affect arrangements for directly connected telemetered Supply Meter Points on Distribution Network Operators (DNOs) or National Transmission System networks.

Topics for Discussion

- Understanding the objective
- Consider whether this modification satisfies the self-governance criteria specifically bearing in mind the effect on competition.
- Consider when should the proposal take effect
- Assessment of alternative means to achieve objective
- Development of Solution (including business rules if appropriate)
- Identification of potential impacts on other energy codes
- Assessment of potential impacts of the modification
- Assessment of implementation costs
- Assessment of legal text.

Output

To produce a Workgroup Report, for submission to the UNC Modification Panel, containing the assessment and recommendation(s) of the Workgroup.

Composition of Workgroup

The Workgroup is open to any party that wishes to attend or participate.

A Workgroup meeting will be quorate provided at least two Transporter and two Shipper User representatives are present.

Meeting Arrangements

Meetings will be administered by the Joint Office of Gas Transporters and conducted in accordance with the Code Administration Code of Practice (www.gasgovernance.co.uk/cacop)
