

# Exec Summary | 0882: Transparency of non-standard gas quality parameters at new entry connections to the National Transmission System (NTS)

Agenda Item	Key Messages
<b>Purpose of modification</b>	<ul style="list-style-type: none"><li>• Enable greater transparency where a new entry connection to the National Transmission System (NTS) are requesting a specification for gas quality parameters which are outside of National Gas Transmission's current published gas quality specification. The gas quality specification is currently published in the Gas Ten Year Statement and can be found in the accompanying <a href="#">GTYS Chart Book and Data Tables</a></li><li>• To be more consistent with the rules for consultation at existing sites, whilst not impacting the connection process timelines adversely which are defined within the UNC.</li></ul>
<b>Impacted parties</b>	<ul style="list-style-type: none"><li>▪ High: Directly connected customers to the NTS including in particular Storage and Interconnectors.</li></ul>
<b>How does this modification achieve its purpose and the relevant objectives?</b>	<ul style="list-style-type: none"><li>▪ This Modification seeks to enable greater transparency for new connections to allow a more level playing field compared with existing connections for gas quality connection information.</li><li>▪ Relevant Objectives relevant to this are:<ul style="list-style-type: none"><li>➢ d) Securing of effective competition between relevant shippers</li></ul></li></ul>
<b>Consumer benefit</b>	<ul style="list-style-type: none"><li>▪ Positive impacts are expected in the following areas:<ul style="list-style-type: none"><li>➢ improved quality of service - currently no information is available on new connection gas quality.</li></ul></li></ul>
<b>Governance</b>	<ul style="list-style-type: none"><li>▪ This Modification has been submitted seeking self-governance procedures.</li></ul>
<b>Contact for more information</b>	<ul style="list-style-type: none"><li>▪ Nicola Lond <a href="mailto:Nicola.j.lond@nationalgas.com">Nicola.j.lond@nationalgas.com</a></li></ul>
