

AMENDMENTS TO LEGAL TEXT

Due to the Urgent nature of the suite of Modifications, additional due diligence has taken place after the Modifications were issued for consultation. During consultation issues with cross references and additional clarity was also requested. Where these changes to not change the Solution set out in the Modifications we have made these changes to ensure that the intent of the proposals is clear and accurate.

We have set out below a table of the changes along with a description of the rationale for making them

Modification 0721: SHIPPER SUBMITTED AQ CORRECTIONS DURING COVID-19

Paragraph	Text change or description	Change reason
1.1(b)	In respect of in relation to	Improved language
	(i) The Supply Meter Point a	Clarity that the definition describes a LDZ Supply Meter Point only
1.1(b)(i)	Commencement trigger	Changes required as the devolved governments did not all enact their restrictions using the Coronavirus Act Schedule 22. The period now refers to the Relevant Regulations as each of Scotland, England and Wales has separate regulations.
