Support or oppose implementation?	Support
Relevant Objective:	d) Positive

Reason for support: Please summarise (in one paragraph) the key reason(s)

SP support what the modification seeks to achieve, this will provide clarity of when a User can utilise “**Reason Code 3**” (Commencement of New Business) when submitting an AQ amendment. The updates to UNC documentation will ensure the reason code is used for the correct purpose and will prevent any ambiguity of the use of the reason code.

We would like clarity on what validation measure are in place with regards to use of Reason Code 3.

Self-Governance Statement: *Please provide your views on the self-governance statement.*

We are satisfied with the self-governance statement.

Implementation: *What lead-time do you wish to see prior to implementation and why?*

No lead time would be required, implementation could be as soon as a decision has been made by Panel (sixteen business days), subject to no appeal being raised.

Impacts and Costs: *What analysis, development and ongoing costs would you face?*

SP would not face any ongoing costs as a result of this change.

Legal Text: *Are you satisfied that the legal text will deliver the intent of the Solution?*

We are satisfied that legal text will deliver the proposed solution.

Are there any errors or omissions in this Modification Report that you think should be taken into account? *Include details of any impacts/costs to your organisation that are directly related to this.*
