

UNC Review Group 646: Action 301

Stephen Ruane

national**grid**

Action 301: “DD, SR and BH to add a caveat concerning responsibilities to the Shared Site Drawings process”

Proposed Wording:

- **“Each gas network operator is responsible for the information and accuracy as detailed on this drawing for their respective assets.”**

or

- **“The Site Owner [or operator’s name] is not responsible for the detail or accuracy of the Hazardous Area Information supplied on this drawing for assets as owned by another gas network operator.”**

Additional Extra Wording

- **“Giving the site user the ability to ask the site owner to update drawings on their behalf and linking it to cost recovery clauses”**
