

PAC Agenda Item 4.3

Isolated Sites With Progressive Reads

PAC 16th August 2022

Actions Since June 2022 Update

- Highlighted read rejections post Meter Removal date to impacted Shippers (27 Shippers). Requested updates by End of July
- Correlate to arrange a meeting with highest contributing Shipper to confirm next steps and any further assistance we can provide

Isolated Sites With Progressive Reads – June 2022

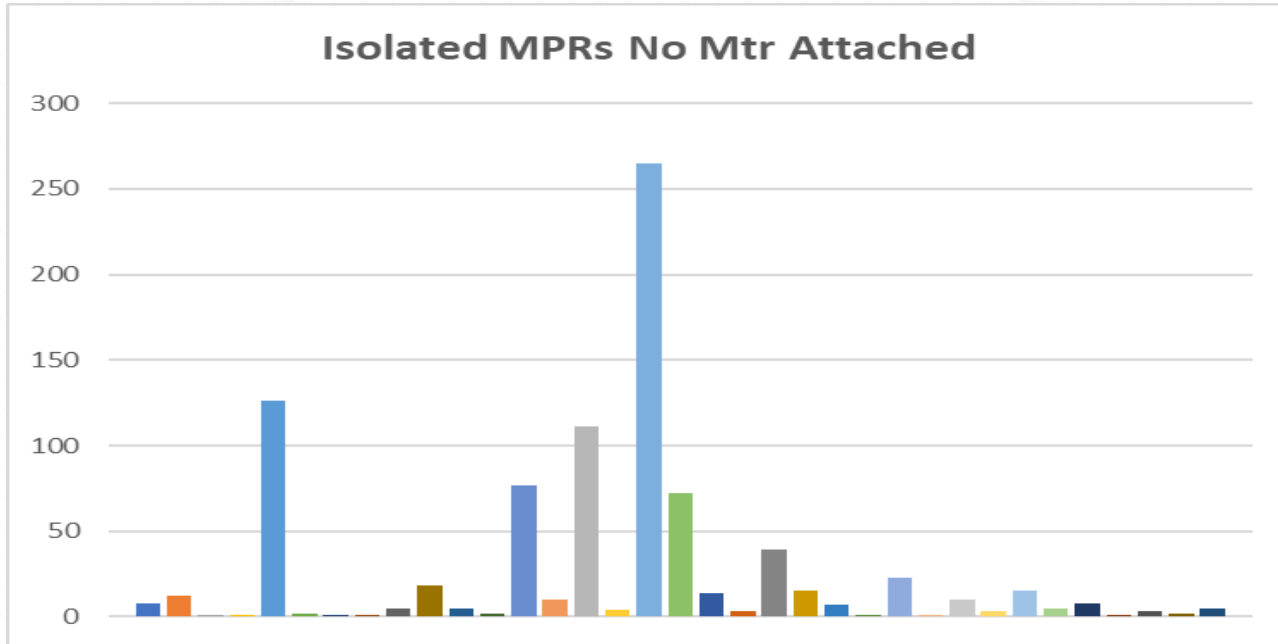

There is now a total of 2267 MPRs in the Isolated / Progressive Reads pot.

Isolated Sites With Progressive Reads – August 2022

There is now a total of 1760 MPRs in the Isolated / Progressive Reads pot. This is a decrease of 507 MPRs (28.81%).

Isolated MPRs with Meter Removed

June update highlighted 876 MPRs where the meter had been removed.

Isolated MPRs with Meter Removed

Decrease to 686 (38.98%) in August. This is due to 110 Meters now being Re-connected and 74 withdrawals so sites now Shipperless

Next Steps

- Work with CAM to organise a call with the highest contributing Shipper. Already made multiple attempts.
- Continue to monitor the progress of the Isolations pot and report progress to PAC.

The image features a stylized house-shaped frame with a gabled roof and a window. The window is divided into four vertical panes. The logo 'xserve' is centered within the window. The 'x' is a dark blue, stylized character with a white arrow pointing right through its center. The 'serve' part is in a lighter blue, lowercase sans-serif font. The background of the entire image is a light blue with a fine, repeating pattern of diagonal lines. A solid blue horizontal bar is at the top, and a solid cyan horizontal bar is at the bottom.
