2 – Budget Movement & Change Pipeline	<ul style="list-style-type: none"> BP23 General Change – Updated to reflect total committed spend increased since last reported by £483k. The Change Pipeline includes a delivery plan for all live Change Proposals. This has been broken down into January 2023 – May 2023, June 2023 – February 2024 , Change backlog and DSC Change Pack Plan. All updates from the previous month have been highlighted in orange in the slides. REC Change Update – Pipeline view of REC change provided <ul style="list-style-type: none"> A verbal update was given for XRN5567. This highlighted that the design has been received from the DCC and an Impact Assessment is currently taking place. It is expected that the cost will increase from the funds agreed within the current approved XRN5567 BER (£93k). Xoserve will share the Impact Assessment clarifying the updated costs once this is available. The revised BER will then be taken to an Extraordinary ChMC on Friday 16th June.

High Level Solution Options

XRN / Title	Voting to approve solution
XRN5531 Hydrogen Village Trial	Shippers, DNOs and IGTs approved Option 2, this will be under Decarb investment funding.
XRN5605 Amendments to the must read process (IGT159V)	Shippers and IGTs voted to defer. 4 representations were received in favour of Option 1b, 2 of which supported approving Option 1b. 1 representation rejected all options. There were issues identified around appropriateness of DDP as part of the solution. Parties wished to review representations fully prior to taking a vote, so this will go to the Extraordinary ChMC on Friday 16th June for voting.
