

Gas Transportation Charges from 1 April 2019 for East of England, London, North West and West Midlands Distribution Networks (Supplemental Notice for DN Entry Sites No.1)

This notice is intended to supplement our previously published [Final Charge Notification](#) and [Charging Statements](#) for the charging year commencing 1st April 2019, and is provided with two months' notice ahead of implementation in line with Uniform Network Code and Gas Transporter Licence obligations.

It provides a DN Entry Commodity charge / credit rate for Coleshill which was not on the original charge notification.

The site is not yet in operation, but is anticipated to commence flowing gas before the end of the 2019/20 charging year. The unit rate will therefore be applicable for the period between commencement of site operation and the end of the charging year on 31st March 2020.

If you have any questions or comments regarding this notice please contact the Revenue and Pricing Team.
