

Summary of Key Messages from DESC TWG on 24th May 2022

Agenda Item Outcomes

Agenda Item 2.0:

Review of Single Year Modelling Results – Small and Large NDM (2021/22 data)

- DESC TWG reviewed the End User Category (EUC) demand modelling results for the latest analysis period of 1st March 2021 to 31st March 2022 and have approved their use in the creation of the draft Gas Demand Profiles for Gas Year 2022/23
- The first draft Gas Demand Profiles are expected to be published in early June which will signal the start of the industry consultation process, firstly with DESC followed by the wider industry.
- Material presented to DESC TWG is available [here](#)
