UNC Modification Proposal 0617 - Revised UK
Link Manual delivery date

20th April 2017

Background

- UNC Transportation Principal Document (TPD) Section U deleted under UNC Modification 0565A (FGO)
- UK-Link Manual is a CDSP Service Document in Data Services Contract (DSC) – constitutes existing UK-Link Manual
- UK Link Manual Framework Document developed as interim measure pending revision of UK-Link Manual
 - Requires a revised UK-Link Manual by Project Nexus Implementation Date (PNID)
- UNC Modification Proposal 0613 'Revised UK Link Manual CDSP Data Services Document' raised to expedite change
 - Purpose of Modification is to establish the new UK-Link Manual within the CDSP Service Document

Proposal details

- Xoserve presently drafting updates to UK-Link Manual
 - Mainly ‘structural’ – file formats and ‘heirarchy’ not affected
- Contingency measure necessary to amend Framework Document to replace PNID deadline with new date (being 31st July 2017)
 - Enables a small amount of additional time to ensure a quality product – principle considered by and endorsed by UNC Distribution Workgroup, 23rd March 2017
 - Facilitates GT Licence ‘relevant objective ‘(f)
- Self Governance procedures sought (Proposal ‘non material’)
- Proceed to consultation requested (no Workgroup assessment necessary)
- Report back to ad-hoc Modification Panel in early May 2017
