

UNC Modification Proposal 0620 – Deferral of the UK Link Manual delivery date (further revision)

15th June 2017

Cadent
Your Gas Network

Background

- **UNC Transportation Principal Document (TPD) Section U was deleted under UNC Modification 0565A (FGO)**
- **UK-Link Manual is a CDSP Service Document in the Data Services Contract (DSC) – constitutes existing UK-Link Manual**
- **UK Link Manual Framework Document developed as interim measure pending revision of UK-Link Manual**
- **Requires a revised UK-Link Manual by Project Nexus Implementation Date (PNID)**
- **UNC Modification Proposal 0613S ‘Revised UK Link Manual CDSP Data Services Document’ raised to establish the new UK-Link Manual within the CDSP Service Document**
- **UNC Modification Proposal 0617S ‘Revised UK Link Manual delivery date’ implemented on 1st June 2017 to extend the delivery date from PNID to 31st July 2017**

Proposal details

- **Xoserve has drafted updates to the UK-Link Manual. DSC changes under discussion with 0613S Workgroup and DSC Change Management Committee**
- **0613S Workgroup has identified that further time, over and above that facilitated by Modification 0617S is necessary to permit a full and in-depth review by industry parties of the significant volume of changes identified by the CDSP**
- **New date identified being 31st October 2017**
- **Facilitates GT Licence 'relevant objective '(f)**
- **Self Governance procedures sought (Proposal 'non material')**
- **Proceed to consultation requested (no Workgroup assessment necessary)**
- **Report back to Modification Panel in July 2017**
