

UNC 0774:

Alignment of UNC TPD to the National Grid Licence in respect of the NTS

Guidance: *These slides are meant to provide a brief overview for the UNC Panel, to introduce what is trying to be achieved, to help them understand and decide the best process to be followed for new modifications. Please aim to be as brief as possible and not justify nor make the case for the Modification.*

Notes are provided in italics and if this template is being used should be removed.

The Joint Office is available to help and support the drafting of any modifications, including guidance on completion of the Modification template and the wider modification process. Contact:
