<b>Support or oppose implementation?</b>	Support.
<b>Relevant Objective:</b>	f) Positive

**Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)**

Following Project Nexus implementation, and the introduction of the FGO arrangements, the UK Link Manual required updating to remain fit for purpose and reflect the relevant industry changes. We believe the UK Link Manual and associated documentation has gone through a comprehensive and consultative update through the MOD 613S process, and as such, the changes reflect and are linked to the new industry arrangements correctly. As such, we support the implementation of MOD 613S.
