

Representation - Draft Modification Report UNC 0570

Obligation on Shippers to provide at least one valid meter reading per meter point into settlement once per annum

Responses invited by: **5pm 10 August 2017**

To: enquiries@gasgovernance.co.uk

Representative:	Edward Hunter
Organisation:	extraenergy
Date of Representation:	10 th August 2017
Support or oppose implementation?	Support
Relevant Objective:	d) Positive

Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)

Extraenergy agrees with the proposer that an increased frequency of meter read submission will improve the accuracy of industry settlement data and allocation of energy.

Increased accuracy in settlement and allocation will have a positive impact on competition between Suppliers and Shippers.

Implementation: *What lead-time do you wish to see prior to implementation and why?*

This modification should be implemented as soon as possible following Ofgem decision.

Impacts and Costs: *What analysis, development and ongoing costs would you face?*

Extraenergy would face no additional costs to implement this modification.

Legal Text: *Are you satisfied that the legal text will deliver the intent of the Solution?*

Yes

Are there any errors or omissions in this Modification Report that you think should be taken into account? *Include details of any impacts/costs to your organisation that are directly related to this.*

No

Please provide below any additional analysis or information to support your representation

None
