Reason for support/opposition: Please summarise (in one paragraph) the key reason(s)

We agree with the proposer that it would be beneficial if all classes of parties were able to be represented by members of their own constituency to ensure that the views of those parties were fully reflected in the decisions of those committees.

The proposal sets out a process to enable a Class Representative to take up the representation on the DSC Committees mid-year if the class is not represented, and also establishes rules in the event that a DSC Committee Representative steps down mid appointment term. This will ensure that the DSC Committees are able to have the fullest representation throughout the year.
